Hard copy. I think one person would be enough though. Could we make that 4:30?

fantastic! I'll drop by at 4. Are they hard copy or on discs? Just wondering if i should bring someone with me to help with transport.

Thanks, Jesse

Hi Jesse,

Good news! I'll have the documents ready for you to pick up later today. You can come this afternoon between 4 and 5pm or anytime later this week between 8:30 and 5pm.

My office is the Office of Research and Development (ORD), which is in the Ronald Reagan Building. Let me know when you plan to come and have the security guard call me from the EPA front desk. My phone number is below.

The electronic version of the documents will likely be uploaded to FOIA online later in the week.

Thanks,

Claudia

I'd be happy to pick them up. When will they be ready and what office will have them?

-Jesse

Jesse,

The documents will be posted on the FOIA online website:

<https://foiaonline.regulations.gov/foia/action/public/home>

We will also provide you with a hard copy version of the index and documents by mail.

Alternatively, if you are in the area you can come pick it up when it's ready.

As of today, the review of the content has been finished and approved for release. Now I am passing it on to our administrative FOIA people who will develop and approve the official FOIA response letter and then post the documents online. This should be a relatively quick process though I have no control over it. Please feel free to call or email me to check on the status of the release so I can follow up and try to speed up the process if necessary.

Thanks,

Claudia

Hi Claudia,

What form were you planning on releasing these documents in?

Hi Jesse,

Yes we are on track for tomorrow. I have a meeting about it in the morning so will contact you later in the day with more information.

Thanks,

Claudia

Hi Claudia, are we still on schedule for tomorrow?

Thanks, Jesse

Hi Jesse,

Thank you for your email. I apologize for the delay in getting back to you as I have been away from the office.

Unfortunately the index of documents collected (which lists and briefly describes both the releasable and non-releasable ones) must be sent together with the documents released as part of the official response.

I will be able to provide you with more information about the release of the documents by Thursday August 15th.

Thanks,

Hi Claudia,

Thanks for the recent update on the status of these FOIA requests. It's helpful to know that the documents need to go through one final review. In the meantime, could you provide a list of the documents that would be forthcoming assuming they pass this final review? Also, can you estimate a time by when you think I may receive the documents?

Thanks again for your work on this,
Jesse

Claudia,
Thanks for your response. I would like partial responses to these FOIAs as they become available.

Best, Jesse

Jesse,

I heard your voicemail message – I apologize for the delay in emailing you. As we discussed on our phone call, I've been trying to get the partial response to those FOIAs ready to send to you.

For clarity, the 2 FOIAs that I am working on are: EPA-FOI-[2012-001118](#) (previously HQ-FOI-01479-12) and EPA-HQ-[2012-001259](#) (previously HQ-FOI-01849-12).

1) EPA-FOI-[2012-001118](#) (previously HQ-FOI-01479-12) was filed on

6/13/12 and asks for: *"Details on all meetings (dates, agendas, minutes) and correspondence (emails, calls, letters, and all other forms) between EPA and the following: the American Petroleum Institute (API), BP, Exxon Mobil, Chesapeake Energy, Chevron, and any other oil and gas industry representative, as well as Council on Environmental Quality (CEQ), the Department of Energy, and the Domestic Policy Council of the Whitehouse regarding EPA's Hydraulic Fracturing Study conducted by Jeanne Briskin," originating from April 30, 2012 to June 1, 2012.*

2) EPA-HQ-[2012-001259](#) (previously HQ-FOI-01849-12) was filed on 08/29/12 and asks for: *"all communications and records of all meetings between Chesapeake Energy and the EPA relating to the EPA Hydraulic fracturing water study for the time period of March 1, 2010 to August 16, 2012"*

Please confirm by reply email that you would like ORD to provide you with partial responses to these 2 FOIAs as soon as they are ready.

Thanks,

Claudia
